Report on Counseling & Guidance Programme in 2022- 2023

Santhiram Medical College conducted an offline seminar for the undergraduates in the institutional premises on July 28th 2022 and June 22nd 2023. The program was conducted in College Gallery for Final MBBS students and Interns. The academic program focused on Career guidance for the students across different phases of MBBS including interns. The programme was flagged off with a warm welcome speech by the Dean Dr. G. M. Krishna Rao who emphasized the need of such sessions for the better future planning of the budding doctors.

The Guest speaker for session was Dr Sai Kumar, a senior Gastroenterologist on the topic career guidance program emphasizing **DOCTORS OF NEW GENERATION**. The speaker inspired all the young minds with a detailed discussion on the ample of opportunities and career options available and also emphasized that career decision is one of the most significant decisions in a student's life. He also motivated the students always keep trying to never give up and go all out to follow their passion. The students interacted with the speaker and their queries were answered eloquently by him.

In total **616** of students which include MBBS final year students and MBBS interneers and PGs attended this program which lasted around 90 minutes each day. The session came to an end with student's feedback. The event created awareness and enriched knowledge among the young, aspiring Doctors.

The guidance program on “How to crack –NEET PG Exams” was taken by Dr. K. Srinath Reddy from the Dept of General Medicine. The speaker who is a established physician, encouraged the NEET PG aspirants to keep a positive outlook in life always and believe in themselves till the reward is achieved. Hard work never goes waste. He elaborated on using the POMODORO technique in time management and focused reading. This session too was highly appreciated by all the students and ended with vote of thanks by the Principal and national anthem.

Report of the Career Counseling and guidance Session on NEET PG: 2020-2021

Career counseling programs are designed to help, assist, assess self motivated people seeking to advance in their career and life . Such career development sessions were conducted in SRMC medical college on 02.12.2020 and 10.03.2021 in the college lecture gallery. The program started with a welcome speech by the Principal Dr G. M. Krishna Rao and the Presidential speech by the Dr M.Santhiramudu, our Honourable Chairman. The distinguished Dean, Dr D.V. Giddaiah inspired students through his brilliant oration on how striving to develop various skills from early years of education could go a long way in bringing laurels and an enviable future.

The Guest speaker Dr. T. Phaneendra Reddy, a successful Interventional Anesthetist spoke on the topic- “Career options- Choosing the right stream”. He spoke about his humble beginnings and motivated the students to work hard and consistently. He prodded them to grab opportunities to reach greater heights through sincerity and diligence. Students were delighted to learn many new things from the motivational session and interacted well with the speaker, clearing their doubts and career choice ambiguities. The seminar was brought to a conclusion with an open house discussion and feedback from the audience.

Dr. N. Jagannathan, a leading Cardiologist of the town the session was the speaker for the session “How to crack –NEET PG Exams”. It was a successful interactive session.

These seminars were attended by Internees, final year part I & part I students and PGs (Total 635). Both the programs received laudable response from the student fraternity to seek for more of such kind of sessions that help them redefine their passion in their career, develop essential employability and coping strategies and lead life with clarity and definite purpose.

Report of the Career Counseling Session 2019-2020

Education is life but to make life successful, we need to know the right information and move in the right direction in the right time. With this goal in mind, Career development awareness and guidance on NEET PG preparation seminars were conducted on 27.07.2019 in SRMC campus. The program started with a welcome speech by Dean Dr Giddaiah flagged off by the Presidential speech by the Honourable Chairman Dr M.Santhiramudu.

The invited speaker for the session "**Guidance for preparing for NEET PG**" was Dr.Raghu Sri Charan, a young, dynamic Gastroenterologist and motivated students with his life experiences about how success could be achieved if the youngsters start dreaming big and shedding sweat to materialize their dream. Tailoring PG NEET coaching programs according to academic levels was also discussed.

The seminar "**What's next after MBBS- Career guidance**" was taken by a renowned Urologist, Dr. B. Ramesh, who focused on about the career options available for Doctors in diverse fields such as the Public Service Commission (PSC), administration, politics and business.

These seminars were attended by PG students, Intern, and Final Year part I and II students (Total 620) and the speakers interacted with the students. The seminar concluded with feedback from the audience regarding organizing more of such programs in future. There was an overwhelming response to the program and students were very much benefitted out of these sessions.

Report of Career Counseling and Guidance for preparation for Competitive Exams:

2018 - 2019- For Interns and Final year part I and part II MBBS Students.

Medical career path is a challenging journey into relentless continuous learning and strong will power, sheer determination is needed at every step in this career. Giving young people the tools and knowledge to plan for their future is a primary goal of education. With this goal in mind, a career development awareness seminar was organized by the Management of SRMC Medical College on 17.07.2018 and 27.06.2019 in the SRMC Campus.

The session "**Crack with knack- how to prepare NEET PG Exams**" focused on bringing awareness about the consistent preparation and core commitment being the key to success in NEET PG. The program was flagged off by the inaugural speech by our Honourable Chairman Dr. M. Santhiramudu. The speaker invited was Dr. Kranti Chaitanya, a young dynamic Cardiologist of AP state, who shared his mantra- 3 Rs: READ, REVISE, and RECALL which helped him in achieving his academic dreams. Specifically, students in lower academic levels wanted interaction with personnel from various medical health professions and in-depth counseling. Students in the higher academic levels, however, desired to meet personnel from specific career choices, field experiences, and in-depth guidance for career decisions. The need for tailoring career coaching programs according to academic performance levels was also discussed.

The seminar was attended by Intern students and Final Year part I and part II students (a total of 295). Their participant's enthusiasm was overwhelming throughout the two hours of interactive session. The speakers were open to take audience questions and encouraged the audience to put-forth their queries. The speaker also shared life tips and information on how to navigate through the various competitive exams to achieve success in the public service examinations. The program concluded with an open house discussion and vote of thanks.
