The Institute is very keen in providing all means of help to disabled persons. Even though the Disabled Persons count is negligible, the college has all sort of assistance to support and create Divyangjan friendly environment. All the students, faculty, staff members, administration department and everyone are very friendly in assisting disabled persons.

1. Built Environment with Ramps/Lifts:

Ramp facility and Lift facility for the disabled persons are available in the campus so that the disabled persons move around the campus easily. The ramps and lifts are designed with all necessary and required specification so that it eases the movement of even wheel chair inside campus. At the entrance of each block, the ramp facilities are provided. The reduced inclination in the ramp makes easier and safer movement of wheelchair. The ramps are carefully designed as per the specifications required by the disabled persons. The audio visual indicators in the lift indicate the arrival of different floors to them.

2. Divyangjan Friendly Washrooms:

Separate Washrooms are available for disabled persons in all blocks of the college with proper specifications to ease disabled persons. The wash room has grab bar for the accessibility of the disabled persons to move around and use washroom. The extra care is taken by the institute to maintain these washrooms neat and clean. Signboard is also placed on the top of the washroom to indicate others to give away for disabled persons to use washrooms.

3. Signage including Tactile Pathway, lights, display boards & sign posts:

The institution made pedestrian friendly pathways at many areas by considering the disabled persons. The disabled students can move easily in these pathways either by walk or wheel chair. The disabled students feel free and can avoid human traffic when they use the Pedestrian friendly pathways. The sign boards are very important component in the institution as for as disabled persons are concerned. The Sign boards and lights are placed in all places in the campus. These facilities enable the disabled persons easily to move around campus. Signboards for ramp and lift are also placed in the campus for the disabled person to easily identify the ramps and lift. Display Boards are arranged at various places in the campus for the need of the Disabled Persons. These boards facilitate them to easily move around the campus.

4. Assistive Technology and facilities:

College has a wheel chair with adequate space even for chubby people with proper dimensions and specifications. The wheel chairs are available, which can be used with helper assistance by disabled or injured people on priority.

Divyangjan accessible website

The College website is user friendly one so that the Divyangjan can easily utilize it. The College website is made accessible by using any Screen reader software for the people with visual impaired one. The information of the website is accessible with different screen readers such as NVDA Supernova etc.

Screen reading software

To support visually challenged people, college has software to read out or informing operation of computer system commands using voice. College has NVDA (Non Visual Desktop Access) Open Source software that helps blind people to use windows operating system. The above product has voice reading facility to read a book. NVDA also converts the text into braille if the computer user owns a device such as a “braille display”.
