E-GOVERNANCE POLICY

In an era of rapid technological advancement, Santhiram Medical College (SRMC), Nandyal has embraced e-governance as a fundamental pillar, revolutionizing administrative efficiency, academic transparency, and overall institutional effectiveness. The integration of cutting-edge digital technologies across various facets of the institution has propelled it towards achieving and surpassing the rigorous standards.

1. Academic Planning and Development:

The implementation of comprehensive academic management systems has transformed the educational landscape at SRMC. These systems encompass digital tools for curriculum planning, scheduling, assessment, and student performance analysis. The integration of Learning Management Systems (LMS) has revolutionized the delivery of course content, fostering interactive and engaging learning experiences.

Every class room is equipped with digital projectors with seem less internet connectivity to embed latest upgrades in medical field in to the classroom curriculum

SRMC is equipped with digital seminar halls and digital library where students can access to the numerous e journals and keep them up to date with global advancements in medical field.

The institution has digitized its library resources, granting students and faculty access to an extensive array of online journals, e-books, research papers, and scholarly databases. Additionally, digital research platforms and collaborative tools have been introduced, promoting and facilitating research initiatives across various disciplines.

The library has embraced ILMS Koha, an Open Source Integrated Library Management System (ILMS) software, to streamline its operations and enhance user experience with the following features

- a. RFID staff station
- b. RFID tags
- c. RFID check in/check out kiosk
- d. RFID security gate
- e. RFID interface software
- f. RFID smart card

This strategic integration opens up a realm of possibilities for library users. Catalogue searching becomes a breeze, with options to explore resources by author, title, subject, or ISBN number, ensuring a user-friendly experience that caters to diverse research needs.

Delving deeper into the digital repository, the e-resource option unveils a treasure trove, including e-books, dictionaries, and an e-newspaper directory, catering to the multifaceted learning requirements of the medical community

2. Administration:

The institution boasts a robust digital infrastructure comprising high-speed internet connectivity, secure networks, and state-of-the-art hardware and software systems. This backbone supports seamless communication, collaboration, and data exchange among faculty, staff, students, and external stakeholders.

E-governance initiatives have automated and streamlined administrative workflows, including admission processes, fee payments, academic record management, and human resource functions. This has not only minimized paperwork but has also significantly reduced processing times, enhancing operational efficiency and accuracy.

SRMC is implementing online bio metric attendance system for UG and PG students namely Campus Medicine integrated to Dr YSRUHS for monitoring the students attendance.

SRMC is equipped with UniCampus, a comprehensive education institute online platform providing all under one roof online services to the students, parents and staff of SRMC. These services include the following features

- ✓ Online fee management
- ✓ Online attendance

SANTHIRAM MEDICAL COLLEGE

NANDYAL-518501, A.P
